About

Elodie Terselius, 25, graduated from Malmö Theatre Academy in spring 2026. She moves fluidly between bold physical expression and stripped-down, subtle work, bringing curiosity, precision, and an exploratory approach to every role. With experience performing for audiences of all ages, she's equally at home in comedy and drama, the absurd and the naturalistic.

Elodie is the lead in the upcoming series Poly, premiering in 2027.
